DO NOT RIDE ELEVATOR.
- 5 "This page intentionally left blank."
(purpose) To tell readers that certain blank pages exist
not by mistake but intentionally - for printing issue
(reformat) This page intentionally left blank
so that the document can be printed
correctly in double-sided format

6 3 examples of published sentences whose literal meaning is clearly not what the writer intended.

- ① "We continue to listen to and seek feedback from our community and evolve our features to improve the experience."
- ② other full-time creators back up Green's observation.
- ③ Comparing TikTok and Youtube is like comparing apples and oranges, though.

— "Maybe creator funds are bad",

Amanda Stiberling, TechCrunch, Jan 26, 22

- 7 "The temperature is hot today."
- temperature is a measurement, how can it be "hot"?
 - "Hot" means how much?

8. show that not every number of the form $N = (p_1 \cdot p_2 \cdot \dots \cdot p_n) + 1$ is a prime, where $p_1, p_2, \dots, p_n, \dots$ is the list of all prime numbers?

- ① N is always an odd. ($\because N = 2 \times (p_2 \cdot p_3 \cdot \dots \cdot p_n) + 1$)
- ② Except for $p_1 = 2$, every p_n is an odd.
- ③
